Employee Spotlight

Our January Spotlight shines on an employee who makes sure our guest's stay is comfortable every time! It's Alicia - our Head Housekeeper.

Alicia joined our staff while she was still in high school and has made housekeeping her career. Now almost 19 years later, she is still doing the job she loves. She said that she enjoys working here because it allows her to meet people from all over.

Alicia is a lifelong resident of Sturgis. She is married and has one son. Her mother and father also live in Sturgis. In fact her mother, Tina is also part of the housekeeping staff.

Attending car shows and working on cars are what Alicia likes to do in her free time. She also likes to hike. She considers herself a "Foodie" because she enjoys trying new foods.

Someday Alicia would like to visit Dubai and Paris. If she won the lottery she'd invest the money and buy lots of land.

Next time you stay at the Mineral Palace Hotel, thank Alicia for all her hard work!
